

Outsourcing and Off-shoring

Client Business Objective:

Cost competitiveness, outsourcing/off-shoring business IT activities, countering challenges on hiring and retention of expert resources.

When clients wish to focus on their core the quality, expertise and contribution of external resources is paramount. Our rigorous hiring procedure for resources deployed on-site ensures you get the experts needed for your job. Our vast local experience and top-quality infrastructure ensures that our clients quickly realize the benefits of an offshore DC and maximize their bottom-line.

Aplica Service Focus:

High-quality resource deployment for augmentation, a neat and hassle-free offshore model implementation, pre-existing infrastructure for offshoring that greatly reduces the time to implementation.
